*** FIVE EASY STEPS TO A SUCCESSFUL REFERRAL ***

1. Make sure you have a legitimate referral who wants to be contacted by a Real Estate Referral Group, LLC and one who is not already working with an agent.
2. Tell the customer to wait for the agent to contact them. If they call the agent first, we may not be able to give you a referral fee!
3. Even if you know the agent of choice you want to call Real Estate Referral Group, LLC will log and assign the referral to the appropriate company and agent, who will provide the best possible service.
4. Allow the real estate salesperson to do his/her job.
5. At the conclusion of a sale, when fees have been received by Real Estate Referral Group, LLC a check will be sent to the Real Estate Referral Group, LLC Associate. This is usually not more than 5 business days after the closing.
